

Powerblanket® Drum Heaters

- _ Quickly and safely bring cold drums up to temperature
- _ Easy to use, just plug it in and it automatically maintains 70oF temperature
- _ Reduce material supply problems
- _ **Also available for only, \$365.00 + Shipping**
- _ Plugs into a standard 110 outlet and heats materials to just pennies

Stop messing with heating belts that only heats a narrow section of the drum. Powerblanket® takes the hassle out of heating and warming drums and barrels. With a built in thermostats that maintains the temperature of the drum at 70oF (+ 10oF) you know your materials are always the correct temperature.
